System Overview

The **MC3** counts your coins and banknotes from the smallest coin up to the largest banknote, quickly and quietly.
The convenient user interface allows querying the types of coins and notes in the right order.

The **MC3** is designed for counting 3 default currencies, while other currency tables can be loaded into the **MC3** via its built-in USB port.
The counting results are displayed on a large LCD screen and can be printed instantly via a receipt printer.

With the MC3 you are able to do your cash accounting by just a few minutes.
